## PROFILE

A focused and driven high school student with a deep interest in programming, defense services, and informatics. Passionate about continuous learning, I enjoy reading books that broaden my knowledge and perspective. Known for maintaining a gentlemanly and minimalist approach to life, I strive to be productive, mindful, and purpose-driven in all pursuits. Aspiring to serve the nation through the defense forces, I value discipline, clarity of thought, and self-improvement. Always eager to take on challenges and grow both intellectually and personally.

## PROJECTS

<https://brigade-store.vercel.app/> We, as BRIGADESTORE, want to bring readers together with common practices and, of course, a reliable and affordable solution. For nothing in life is a perfect solution. We do not say it's a 100% solution, but yeah, it's probably the most affordable in online mode in the subcontinent.

<https://marpu.vercel.app/> This page was created for an interning client- Ria Ahmed for Marpu Foundation.  
*Non-paid and non-sponsored*
